Al Amri, A Name that Changed the Business Landscape of Muscat

The Al Amri IT Solutions came into existence in 2017 and is based out of the As Seeb Commercial Area of Muscat city. The premises cover 25000sq mtrs. We also have a number of branches in other parts of the city to serve you with quality IT products.

However, the history of the Al Amri brand can be traced back to 1964, the year when a humble venture in retail and wholesale trade by Hamad Bin Hamood Al Amri was established. Since then the group has been shaping the business landscape of Muscat with its diverse ventures. The brand's popularity grew organically and soon it became the go-to brand for the best value products for households across the country. With each passing year, the company has grown from strength to strength.

Vision

To be the first choice for IT hardware, software and consumables across the country.

Mission

To offer an expansive range of high-quality IT hardware and software products for resellers and end consumers while maintaining competitive pricing.

Al Amri - The Most Trusted Name Since 1964
